Water Activities:

Water activities include water balloon relays, slip and slides, and water table play. A calendar of events will be distributed. We will use 30spf sunscreen on the children or you may provide your own sunscreen if preferred. We ask that children arrive wearing their bathing suits under their clothes, that you pack a towel and an extra pair of clothes to go home in on water days. Water shoes are strongly suggested. Parents will be notified and reminded before a water day takes place.

Payments are due at the first of each month. A \$30 fee will be collected upon registration and will be used for curriculum, supplies and to secure your child's spot. Our policies and procedures are the same during the summer as they are during the school year. If you have any questions or concerns, please feel free to call our offices at 936-271-4544.
